👁 Must-visit places:

• Mount Leuser National Park

Get lost within Mother Nature's playground amongst lush flora and fauna located within UNESCO's World Heritage Site of the Tropical Rainforest Heritage of Sumatera!

• Museum Tsunami Aceh

If you're curious about the 2004 tsunami, this museum will keep you on your toes as it has plenty of cool images and memorabilia! It can double up as an emergency shelter too if there is a need.

• Grand Mosque Of Baiturrahman

This mosque is truly amazing as it survived the 2004 tsunami intact and was a place of refuge for many people during this tragedy. Besides this impressive fact you'll be really awed by the interesting mix of colonial and Moghul Indian architecture of the mosque.

• PLTD Apung Museum

Have fun exploring the nooks and crannies of this former offshore power station which was washed inland by the 2004 tsunami.

• Pulau Weh

Catch a ferry to this paradise island which is an hour away. You will love this flourishing island with its protected fauna and coral reefs bursting with marine life! Scuba dive into its clear waters and you will be well greeted by some rare underwater species.

• Pasar Aceh

Pasar Aceh is a wonderful place to visit and, most importantly, shop! You can find clothes, food and even novelty items here. Price haggling is simply a must!

Must eat:

- **Ayam Tangkap** - Literally meaning 'caught chicken,' this fragrant deep-fried chicken is crispy, juicy and bursting with the flavours of Aceh.
- **Mie Aceh** - A common yet delicious comfort food which is spicy stir fried noodles with meat. Regardless of the dry or soupy version, both will make you ordering seconds!
- **Other must-eats : Kue Timpan, Gulai Pliek-U.**

Lawang Sewu

Mesjid Agung

👁️ Must-visit places:

- Lawang Sewu (Thousand Doors)**
 Once a bustling administration building of the Dutch and Japanese, now empty with the ghosts of its pasts, remnants of charming colonial architecture and the occasional tourists. Dare you visit the dungeon?
- Kota Lama**
 Get a dose of colonial Dutch times when you wander the streets of the Old City (Little Netherland), the stunning Blenduk Church with its shiny copper domes included!
- Sam Poo Kong Temple**
 This temple was built in honour of the revered Admiral Cheng Ho and what you'll find is a quirky souvenir shop and money-can't-buy tranquillity in a really beautiful temple.
- Mesjid Agung**
 Aptly named as its grandeur covers a huge area of a main prayer room, a convention hall, digital library, Al-Husna Tower and more.
- Ambarawa Locomotive Museum**
 Chug along the tracks in a fun steam train, one of many restored back to life and gives you the chance to relive travelling during a bygone era. The family will love it!
- Gedongsongo Temple**
 Don your explorer hat and uncover colourful ancient history within the realm of nine temples. Awe-inspiring early classic Javanese architecture is evident too!
- Goa Maria Kerep**
 A replica of Mother Mary's statue from the Shrine of Lourdes in France at the entrance of Kerep cave gives you a surreal feel to the already calming effect of being surrounded by nature.

 What you'll experience in this chain of 27 islands is everything that spells fun! It's worth every minute of your 3-hour journey and once you're here, you'll want to extend your stay for as long as possible.
